VIDABOX KIOSKS

Installation Instructions

Security Screw Kit for VidaMount Premium VESA Enclosures

SKU: VB_VESA_SSK

This kit includes:
- (7+) Pin-in-Hex Security Screws

Compatible only with:
- VidaMount Premium VESA Enclosures

IMPORTANT:
Matching tools are not included and sold separately.

1. Remove the screws from the back PERIMETER screw holes of the Premium VESA enclosure, as shown in the diagram on the right. (Your enclosure may differ in appearance)

2. Replace the regular / non-security screws with the Pin-in-Hex security screws kit in this package.

3. Use the Matching Tool to tighten and install the security screws on the back PERIMETER of the enclosure.

4. Once installed, the enclosure cannot be disassembled without using the special, matching tool.

5. Setup is now complete!

Need the matching tool? Search for SKU / Part Number:

VB_TOOL_TRSD_125 **VB_TOOL_TRPB_125** **VB_TOOL_TRB_125**

Sold separately / not included.
